BLUE AND JOY

Liliana and Emilio Calleja

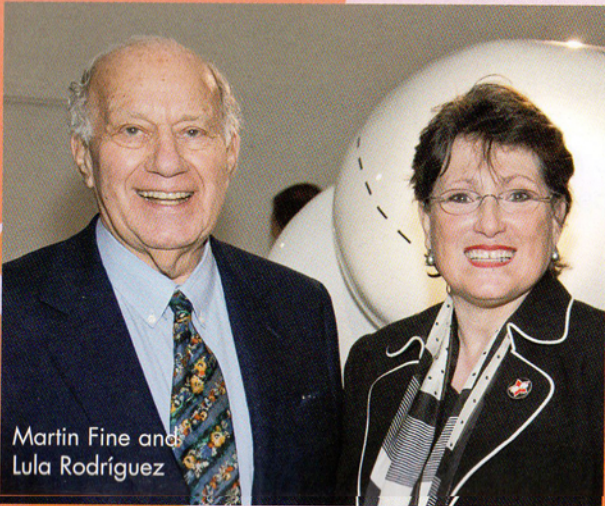

Several hundred people came to Miami Dade College's Freedom Tower for the opening of the Blue & Joy exhibition. Presented in conjunction with Galleria Ca d'Oro, *The wind doesn't have a plan* showcased paintings, drawings and sculptures by Italian artists Fabio La Fauci and Daniele Sigalot. Centered on two characters with contradicting emotions – the ever-tearful Blue and smiling Joy – the exhibition offered a playful, celebratory response to the palpable excitement of Miami's peak art season. Visitors to the exhibition included international collectors, dignitaries and art lovers.
