BLUE FOREST

A CONCEPTUAL PROJECT AND ENVIRONMENTAL STATEMENT
FEATURING SUNBRELLA® FABRIC

“*Blue Forest* is a conceptual work of art that reflects how easily our environment can be changed. I transformed the trees at The James Royal Palm by enveloping them in blue Sunbrella fabric...not to hide the identity of the trees but rather to serve as a figurative bandage of environmental concern, in the hopes of stimulating a new sensibility and ecological understanding.”

SUNBRELLA IS A PROUD SPONSOR OF *ARCHITECTURAL DIGEST'S*
