What/Why:
Francesco Lopez will host a cocktail reception at Galleria Ca' d'Oro Miami with the US showing of his most recent work "Visioni di Roma." The gallery will feature various contemporary photographs, each of which were created using familiar imagery, realism and nature - all inspired by Lopez's love of Rome.

Galleria Ca' d'Oro was the perfect location to showcase this collection, "Visioni di Roma", as the gallery's main objective is to highlight and showcase Italian & European art to the US. Gloria Porcella and her business partner, Lamberto Petrecca, both will curate Lopez's show. "The title of Francesco's art show, 'Visions of Rome' compounds two loves. Love for a city, Rome, which no longer is a 'physical' place but becomes, in his work, an archetype of constant regeneration, and, precisely because of it, remains equal to itself across the time, becoming a category of the Spirit. Therefore not "a" city but "the" City." - Lamberto Petrecca on Lopez's "Visioni di Roma."

Among the 22 pieces in the collection of "Visioni di Roma," one of Lopez's favorite works is "Roman Graffiti," a photograph measuring 90 x 120 cm. Lopez was inspired and loved the graffiti and combination of colors that he found on the side of an old Roman wall. This he feels is his tribute to one of his favorite painters, Jackson Pollock. This piece captures the essence of nature and Lopez as an artist. Lopez strongly believes "everything already exists in nature, even so great a work as the one done by Pollock."

Following the Opening Night Cocktail reception, Francesco Lopez's art works will be on display from April 15, 2011 until June 15, 2011, please call 305.205.5981 to schedule an appointment. Photos of the artists' works, background information and interview opportunities with Francesco Lopez are available. Your attendance and coverage of this cocktail preview and art installation is invited.
